

Advance your career, grow your network and stay relevant in the mining industry

The Society for Mining, Metallurgy & Exploration (SME) brings together the brightest and most dedicated professionals in the mining and minerals industries. Our 14,000 global members advance their careers with SME's world-class technical resources, educational programs, networking opportunities and professional development tools. Join a community of professionals including engineers, geologists, educators, students and researchers who want to move mining forward.

LEADING INDUSTRY INFORMATION

- Industry-leading conferences, webinars, books and technical resources at special member pricing
- Timely insights from *Mining Engineering and Tunneling & Underground Construction* magazines and *Mining, Metallurgy & Exploration* technical journal
- Unlimited access to OneMine.org online database, with over 130,000 books, papers and conference proceedings to search and download
- Unique educational offerings such as the Professional Engineer review course and the Certified Mine Safety Professional (CMSP) certification

EXPAND YOUR NETWORK

- Connections with local and global thought leaders through the SME online community, conferences and your local section or student chapter

SUPPORT CAREER GROWTH

- Opportunities to present at conferences or develop papers
- Access to job postings and candidate profiles through MiningJobs.org
- Relationships that could lead to your next job opportunity
